Welcome Back to School!

Now, I have written this newsletter for 1 year! I'm happy if you are still reading this newsletter. It is difficult, but Kakogawa Nishi students are so smart, I think! There are so many students at this school. I want to talk to everyone, but I am only 1 person. So, I hope you enjoy reading about American culture, movies, music, and slang!

This summer, I didn't do much. I tried to see some friends. I hope to get the vaccine this month! This summer was a little difficult but let's hope for next year and all the fun things we can do after Corona is finished.

Did you do anything interesting for summer vacation (夏休み)? If you did, please tell me about it! I want to talk to you. Anytime is okay. いつでもしゃべりたい。

I hope this month is a lot of fun. I'm looking forward to Sport's Day (体育大会). I can't wait to see the third years (三年生) dance! Let's live life to the fullest. 精一杯生きる
