Thank you for reading!

It's November!

Fall is an important time in America. Fall means going to Pumpkin Patches and running through Corn mazes and going to fall festivals! In Arizona, fall is when many people go to visit the Grand Canyon and go on family road trips. I love America in the fall.

I want to learn more about Japanese fall traditions! Please teach me if you have time and want to practice English!

I hope you all have a great November and get to see maple leaves change color! See you next month!

-- Julia (Nishiko ALT)

Americans do many things in the fall.

- In the East Coast, we look at maple leaves (紅葉) and oak trees
- Long ago, people used to gather food in cornucopias
- Pears, apples, pumpkins, mushrooms, and jams, and turkey are very popular
- During fall, it rains a lot so we use umbrellas and rainboots

My favorite Fall activity is to go to Pumpkin Patches with my friends and family. There are many fall festivals there. And I like to drink apple cider and pumpkin spice drinks.
