

The Hyogo Prefectural Board of Education promotes a multicultural education for children that will help all students acknowledge differences in each other and cultivate the will and attitude by accepting various senses of value, while helping students from foreign countries achieve their own goals. The Multicultural Children's Center was established as a core institution for promoting multicultural education and offers information, provides educational advice, displays and lends out educational material or books, and arranges multicultural education supporters.

Multicultural Children's Center

Dispatch of multicultural children's supporters and registration of volunteers:

The center coordinates the dispatch of multicultural children's supporters to help foreign students in need of Japanese education. The center also registers volunteers that can interpret, translate, introduce native languages and cultures, and various activities and sends them to present these to schools and city boards of education that request them
