Between Hankyu Sakasegawa station, the nearest station to **Takarazuka Nishi High School**, and Takarazuka-Minamiguchi station, there is a beautiful church, the Takarazuka Catholic church. It was designed by Murano Togo, who lived in Takarazuka. He was an architect who was successful before and after the World War II, and who built numerous buildings throughout Japan. The City Hall and the clubhouse in the Takarazuka Golf Club were designed by him.
